at all times thereafter to keep and cause to be kept and provided, within such building or place of business, and for the exclusive use of such building or place of business, separate receptacles for receiving and holding, without leakage, all the ashes, garbage, and liquid substances that may accumulate during 36 hours from said building or place of business or the portion thereof of which such person may be the owner, tenant, lessee, occupant, or in charge; and every such receptacle designed and used to hold ashes shall be made of or lined with some suitable metal.

And it shall be the duty of every owner, lessee, or agent of any such building or place of business to cause to be separated and put into their respective receptacles all such materials and substances, and such receptacles shall not be filled to within 4 inches of the top thereof.

And such receptacles, as well as any light refuse or rubbish to be removed, shall be kept within the premises until the proper time for removal, and shall then be placed in the area or within the stoop line, fence, or other inclosure in front of any building, and not upon the sidewalk, and shall there remain until such materials or substances are removed by the department of street cleaning; but in no case shall such receptacles be placed where they shall be or become a nuisance.

All light refuse or rubbish likely to be scattered or blown about shall, before being placed outside of any building or premises for removal, be properly bundled, packed, or otherwise secured.

Any receptacle containing garbage or liquid substances, which shall be placed outside of a building, in the area or within the stoop line, fence, or other inclosure, shall be covered and kept covered until such removal, as aforesaid.

The foregoing provisions are applicable throughout the city of New York, except that in the borough of Richmond ashes from house furnaces shall be kept in a receptacle separate and apart from the remainder of the household waste, and no material other than furnace ashes shall be placed in said receptacle. Other household waste materials including garbage, kitchen ashes, sweepings, soiled paper, or rubbish shall be placed in a separate metal or metal-lined receptacle, which when placed outside of a building for removal shall be covered and kept covered with a tight-fitting cover.

No receptacle shall when filled contain more than 2 cubic feet of material nor weigh more than 100 pounds, and a sufficient number of receptacles shall be provided by the owner, lessee, or occupant of a building to hold whatever ashes or other waste materials may accumulate thereat during 60 hours next preceding the removal thereof.

Newspapers, wrapping paper, and other light rubbish likely to be blown or scattered about the street shall be securely bundled, tied, or packed before placed for removal. Yard sweepings, hedge cuttings, grass, leaves, earth, stone, bricks, or trade waste shall not be mixed with household waste.

Accumulations of household refuse resulting from failure to take advantage of the regular collection service shall be removed at the expense of the person or persons concerned.

Children, Boarding of—Permit Required. (Reg. Bd. of H., Feb. 10, 1913.)

Resolved, That section 191 of the Sanitary Code be, and the same is hereby, adopted so as to read as follows:

SEC. 191. No person other than a superintendent of the poor, or a superintendent of almshouses or an institution duly incorporated for the purpose, shall, without a permit in writing from the board of health, receive, board, or keep any nursing child, or any children under the age of 12 years, not his relatives, apprentices, pupils or wards, without legal commitment.
